

## Interface 1

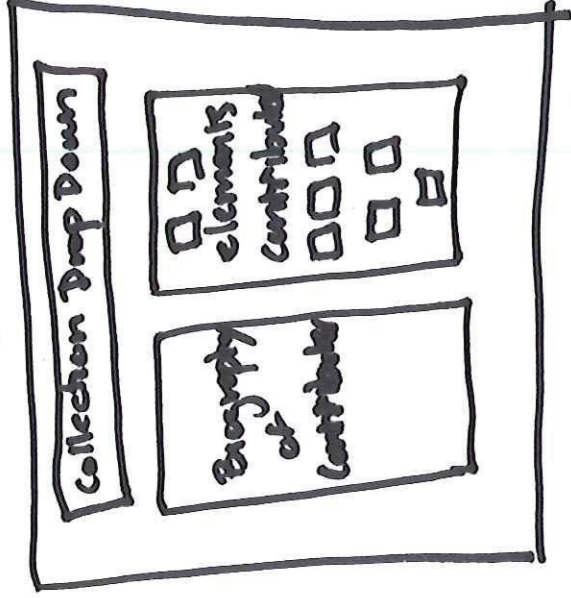

### • Connections.

The connections interface is about connecting pieces of art from around the world with the Met. Users can choose a number of categories to compare museum data. Users can also select the museums data that they would like visualized.

## Interface 2

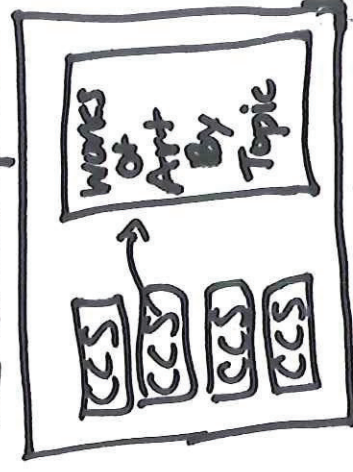

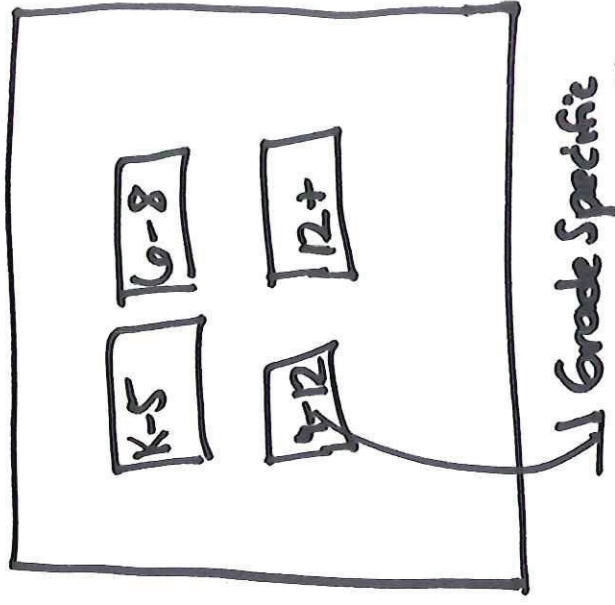

### • Inspiration.

The inspiration interface is about learning who has contributed to the Met and what they have donated. The interface will show a biography of the credit line and display information about who they were inspired by and what they have inspired so many with.

## Interface 3

### • 4 Schools.

4 Schools interface is designed to be a resource for 4 schools K-5, 6-8, 9-12 & 12+. Students & teachers can visit the portal to discover a topic for their school curriculum & inspire a field trip to the Met.
